Thanks David. I believe the best that we will be able to do at this point is a teleconference on technical matters next week. Understanding EPAs concerns and how we can best respond to those. We can look at the 13th or 14th in the afternoon.

My apologies for the gap in communicating. We have been on the events around the RFR last week and other commitments.

I called you a few times today on the numbers I have. Let's try to connect tomorrow.

Regards,

Jorge

Jorge,

Apologies for missing your call. I am back in the office today. Do you have some time?

David

David,

I am sure you will have a large backlog of work to get to when you and your staff get back to the office this week but let me know when I can give you a call.

Thanks,

Jorge

Hi Jorge,

Thanks for the follow up. We will need to wait until the government shutdown due to a lapse in appropriations has been resolved to meet. Thanks for your patience.

David

**Subject:** Mtg: DPE and EPA Region VI

David,

I suspect things are the same as in your last voice mail but if some has changed with the effect from the gov't shutdown and we are able to schedule a meeting between Denka Performance Elastomer and Region VI, let me know.

Take care and best wishes,

Jorge
